

Permanent position opening

SPP – The **S**ervice de **P**hysique des **P**articules (**D**ivision of **P**article **P**hysics) at CEA/Irfu will recruit in 2013 a physicist on a permanent position for the T2K experiment.

The **deadline for application** is **April 7th, 2013**.

The SPP employs about one hundred physicists working on a dozen international experiments. Close to 50% of the activity is devoted to collider experiments at the energy frontier (ATLAS, CMS, ILC), the other 50% being shared among neutrino physics (Double Chooz, T2K), astroparticle physics (HESS/CTA) and cosmology and gravitation (Boss/BAO, Edelweiss, Gbar, Planck and SNLS).

We welcome motivated candidates with an excellent scientific level, having completed their PhD within the last 5 years. It is important to us that candidates like to work in a team and are willing to interact positively with all research activities in the laboratory. The position aims to reinforce the T2K experiment and the present and future activities on accelerator neutrino physics in the laboratory. No prior activity in this field is required to join the group. More information on the T2K experiment at SPP is available at:

http://irfu.cea.fr/Spp/en/Phocea/Vie_des_labos/Ast/ast_technique.php?id_ast=2032
or you may contact Marco Zito (<mailto:marco.zito@cea.fr>)

For an application we require:

- Curriculum Vitae
- Letter of motivation
- Description of the candidate's scientific activity (*3 pages at most*)
- Description of the candidate's research project (*1 page at most*)
- List of publications and internal notes emphasizing the personal contributions of the candidate, with a copy of the most significant ones (*3 at most*)
- List of talks at conferences, workshops and seminars
- 2 letters of recommendation (which should be send *directly* to the address below)
- 2 to 3 names of persons to be contacted for further references

Only **complete** applications will be considered.

Applications should be sent in pdf-format to the following e-mail address:

postespp2013@cea.fr

Selected candidates will be invited by April 29th, 2013 for an interview between **May 21th to 24th, 2013**

For further information, please contact us at +33 (1) 69 08 23 50 or by e-mail: secretariat_spp@cea.fr.

Ursula BASSLER
Chef du Service de physique des particules
